The Interim President reported that she had just returned from San Francisco with Chairperson Younis and Accreditation Liaison Officer Galvin Guerrero. While at San Francisco, she was given the opportunity to make a five-minute presentation based on the supplemental report that was submitted to the commission. Interim President Cabrera felt very good about the meeting and is hopeful for a favorable decision. She does not believe that the College’s accreditation will be terminated, however, she believes that the College receive another sanction. Interim President Cabrera assured the Foundation members that she would let them know as soon as she gets word from the commission.
President Babauta shared with the members about a recent meeting with the members of the 17th CNMI legislature. He indicated that both Senate President Manglona and Speaker Tenorio assured the College that they fully support its efforts in advancing its mission.

Vice-President Quichocho inquired about a recent House Bill authored by Rep. Stanley Torres, which proposes that the college report its Educational Tax Credit collections and that all funds are to be deposited into FDIC insured institutions.

Interim President Cabrera informed the members that the Senate attorneys are now reviewing the ETC bill and to verify if the bill violates Public Law 10-66. She indicated that the College would only support the portion that talks about reporting the tuition and fees of the college.

Vice-President Quichocho indicated that he felt that the college is being specifically targeted in this bill and is being punished for being successful.

III. COMMITTEE REPORTS

a. 9th Annual NMC Foundation Open Golf Tournament

Frankie Eliptico, OIA Director presented the timeline and the budget analysis of the upcoming golf tournament. The target amount this year is $60,000 in education and cash tax credit donations. He also indicated that letters are going out today.

b. NMC’s 30th Anniversary Gala

Director Quichocho provided a brief update on the status of the activities for the upcoming NMC 30th Anniversary Gala. He offered some ideas and wanted to get some feedback from the members. He discussed some options regarding entertainment, keynote speaker, etc.

1. Black Tie event
2. Entertainment
3. Keynote Speaker

Dr. Markoff recommended a keynote speaker named Mr. Nido Quibein who is a Lebanese national and is a fantastic speaker. He adds that Mr. Quibein would make an excellent keynote speaker. He came to the U.S with only $50 dollars and is now a self-made multi-millionaire. He is also the President of High Point College in North Carolina. Dr. Markoff offered to pay for his airfare. However, the down side is that nobody knows who he is and it would be best if we have a well known public figure so that we could make that our marketing strategy.

Director Quichocho explained that all prospective speakers will be considered and will be addressing other matters such as the program, location, and financials at the next meeting.

The Gala event is slated for November 19, 2011.
