Course: AC227 Financial Accounting I

1. Department

Business

2. Purpose

Financial Accounting I provides students with the knowledge to build a basic financial statement. It will also give the student the ability to analyze financial statements. These skills are useful in related business courses and for operating a small business. This course will add to their quantitative understanding of business fundamentals. This course is required for all Business Administration majors.

3. Description

This course provides students with basic quantitative skills to build a basic financial statement. Journal entries will be taught but not stressed to give the student an orientation to business language. Calculation principles used in preparing a business plan for a new business are introduced in this course. English Placement Level: EN 095. Math Placement Level: MA 091.

A. Required/Recommended Textbook(s) and Related Materials

Required:

Jonick, C. & Schneider, J. (2021). Accounting; 28th Edition., Cengage.

Basic calculator

Recommended: N/A

B. Contact Hours

1. **Lecture:** 3 per week / 45 per semester

2. **Lab:** N/A

3. **Other:** N/A

C. Credits

1. **Number:** 3

2. **Type:** Regular degree credits

D. Catalogue Course Description

This course provides students with the principles and format used in creating basic financial statements. Journal entries will be taught so that the student will gain an understanding of the accounting process. Cash reconciliations and financial analysis will enable the student to better understand the importance of accounting in entrepreneurial activities. English Placement Level: EN 095. Math

Placement Level: MA 091. This course is offered in the Fall and Spring semesters.

E. Degree or Certificate Requirements Met by Course

Completion of this course is required for the B.S. in Business Management; the B.S. in Business Management with an Accounting Concentration; A.A. in Business; A.A.S. degrees in Business Administration with an emphasis in Business Management, Hospitality Management, Accounting, and Computer Applications; and the Certificates of Completion in Business Management, Small Business Management, Casino Management, and Hospitality Operations.

F. Course Activities and Design
