Course Alpha and Number: HE 245

Course Title: Health and Physical Education – Recreation and Leisure

Reason for initiating, revising, or canceling:

This course has been created as part of the new Liberal Arts Health and Physical Education Emphasis Degree program.

Lisa A. Lunde
Proposer

Date

Velma C. Deleon Guerrero
Acting Department Chair

Date

Barbara K. Merfalen
Dean of Academic Programs and Services

Date
1. Department
   Science, Mathematics, Health and Athletics

2. Purpose
   This course will introduce students to the national education standards set by National Health Education Standards (NHES) and the National Association of Sport and Physical Education (NASPE) and the need/importance for teaching and/or incorporating health, nutrition, and physical education in one’s daily life. In addition, this course will provide a broad view of one of the top industries of the 21st century – Recreation and Leisure. Recreation and Leisure programs can serve all people 24/7/365 and are part of a global economy. Good health is a major community asset in that it leads to a reduced financial burden on the community. An overview of this diverse profession will be covered and will allow each to explore the many facets of recreation and gain an understanding of recreation and leisure and its impact on the world’s economies.
