Course: HI 122 History of World Civilizations II

1. Department: Social Sciences and Fine Arts

2. Purpose
   This course provides students with a survey of world history from about 1650 to the present. This course seeks to contribute to a well-rounded education by tracing changes in technologies; social, economic, and governmental structures; and ideologies. Assigned essays will help promote critical thinking and communication skills.

3. Description

   A. Required/Recommended Textbook(s) and Related Materials
      Readability Level: Grade 11.9

   B. Contact Hours
      1. Lecture: 3 per week / 45 per semester
      2. Lab:
      3. Other:

   C. Credits
      1. Number: 3
      2. Type: Regular Degree Credits

   D. Catalogue Course Description
      This course is the second half of a comprehensive two-semester sequence. This course presents a survey of the history of world civilizations from about 1650 to the present. Among the topics discussed in this course are the age of absolute monarchies in Europe in the 16th, 17th, and 18th centuries, the Scientific and Industrial Revolutions in Europe, European nationalism and imperialism in the 19th century, the rise of modern Japan, rebellions and revolutions in China, World War I, World War II, the Cold War, the emergence of independent nations in the Third World, and the collapse of the Soviet Union and communism in Europe at the end of the Cold War. Prerequisites: None. English Placement Level: EN 101. Math Placement Level: None. (Offered Spring)
E. Degree or Certificate Requirements Met by Course

This course fulfills the General Education requirement for Social Sciences—History for the A.A. Degree in Liberal Arts, the General Education requirement for History for the B.S. Degree in Elementary Education, one of the General Education social sciences requirements for the A.A. Degree in Business, and the General Education requirement for Social and Behavioral Sciences for the Associate in Science Degree in Natural Resource Management and for the A.A.S. Degree in Business Administration: Accounting Emphasis, Business Management Emphasis, and Computer Applications Emphasis.

F. Course Activities and Design

Course activities include lectures, group discussions, essays as homework assignments, viewing and discussing relevant videotapes, unit exams, and a final exam.

4. Course Prerequisite(s); Concurrent Course Enrollment;
Required English/Mathematics Proficiency Level(s):
Prerequisites: None.
English Placement Level: EN 101
Math Placement Level: None

5. Estimated Cost of Course; Instructional Resources Needed:
To the Student: Tuition for a 3-credit course and cost of textbook.
To the College: Instructor's salary.

Instructional resources needed for this course include chalk and chalkboard, wall maps, TV/VCR and videotaped programs, and library books and periodicals to be identified by the instructor.

6. Method of Evaluation

Student grades will be based on the regular letter grade system as described below.

A. Excellent – grade points: 4.0;
B. Above average – grade points: 3.0;
C. Average – grade points: 2.0;
D. Below average – grade points: 1.0;
F. Failure – grade points: 0.0.

NMC's grading and attendance policies will be followed.
Course Outline
This is a topical outline and does not necessarily indicate the sequence in which the material is presented.

Course: HI 122 History of World Civilizations II

8. **Instructional Goals**
   This course will introduce students to:

1.0 The three Muslim empires in Asia from the 16th to the 18th century;
2.0 The rise, decline, and fall of the Ming Dynasty and the Qing (Manchu) Dynasty in China and the Tokugawa Shogunate in Japan;
3.0 The major ideas of the Scientific Revolution and the Enlightenment;
4.0 The major causes, events, and impacts of the French Revolution;
5.0 The rise of the Consulate of Napoleon in France, and the rise, decline, fall, and impacts of the Napoleonic Empire in Europe;
6.0 The major causes, events, and impacts of the Industrial Revolution;
7.0 The major causes, events, and impacts of the unification of Italy (1848-1870);
8.0 The major causes, events, and impacts of the unification of Germany (1848-1871);
9.0 The major causes, features, and impacts of 19th century global imperialism;
10.0 The major causes, events, features, and impacts of the modernization of Japan in the 19th century after the Meiji Restoration in 1868;
11.0 The major causes, events, and impacts of World War I;
12.0 The major events, features, and impacts of communist rule of the Soviet Union under Vladimir Lenin and Joseph Stalin;
13.0 The major causes, events, and impacts of World War II;
14.0 The major causes, events, issues, and impacts of the Cold War in Europe;
15.0 The major causes, events, issues, and impacts of the Cold War in Asia;
16.0 The major causes, events, issues, and impacts of the end of the Cold War and the collapse of communism in Europe;
Course: HI 122 History of World Civilizations II

17.0 The major events, issues, features, and impacts of communist rule of the People’s Republic of China since 1949;

18.0 The nature of democracy in India, Pakistan, and Bangladesh, and the major events, issues, features, and impacts of democratic rule in India, Pakistan, and Bangladesh since independence; and

19.0 The major causes, issues, events, and impacts of the conflicts in the Middle East since the end of World War II.

9. Student Learning Outcomes

Upon successful completion of this course, students will be able to:

1.0 Explain the reasons for the decline and fall of the Ottoman Empire, the Safavid Dynasty in Persia, and the Mughal (Mogul) Empire in India;

2.0 Explain the reasons for the decline and fall of the Ming Dynasty and the Qing (Manchu) Dynasty in China and the Tokugawa Shogunate in Japan;

3.0 Identify the leading persons of the Scientific Revolution and the Enlightenment and their main contributions;

4.0 List the major governmental and legal changes that Napoleon made in France during the Consulate (1799-1804);

5.0 Explain the reasons for the decline and fall of Napoleon’s Empire in Europe;

6.0 Explain the effects that the Industrial Revolution had on urban life, family life, and standards of living in Europe;

7.0 List the steps from 1848 to 1870 that led to the unification of Italy;

8.0 List the steps from 1848 to 1871 that led to the unification of Germany;

9.0 Explain how the European imperialist nations divided up Africa between 1880 and 1914, and explain the reasons for this imperialism;

10.0 Explain how Japan experienced an Industrial Revolution in the 19th century after the Meiji Restoration in 1868;

11.0 Explain the long-range causes and the immediate causes of World War I;
12.0 Explain the political and economic changes that occurred in the Soviet Union from 1918 to 1938 under the rule of Vladimir Lenin and Joseph Stalin;

13.0 Explain the long-range causes and the immediate causes of the outbreak of World War II in Europe in September 1939, and the outbreak of the War in the Pacific between the U.S. and Japan in December 1941;

14.0 List and explain the events from 1945 to 1949 that increased the hostility between the U.S. and the Soviet Union during the Cold War;

15.0 List and explain the events from 1945 to 1954 that increased the hostility between the U.S. and communist countries in Asia (the People’s Republic of China, North Korea, and North Vietnam);

16.0 Explain why and how communism collapsed in Europe between 1989 and 1991, and why the Soviet Union collapsed in 1991;

17.0 Explain the economic problems and the economic changes that have occurred in the People’s Republic of China under communist rule since 1949;

18.0 Explain why and how British India was divided into two nations, India and Pakistan, in the partition in 1947, and why Pakistan was divided into two nations, Pakistan and Bangladesh, in 1971; and

19.0 Explain the causes, the issues, and the major events of the international conflicts in the Middle East since World War II that have involved Israel, the Palestine Liberation Organization, Egypt, Syria, Iran, and/or Iraq.

10.0 Assessment Measures
Assessment of student learning may include, but not be limited to, the following:

1.0 Periodic testing to assess the students’ understanding of the course material and their ability to use critical thinking skills;

2.0 Writing assignments that assess the students’ comprehension and application of various concepts covered in the course; and

3.0 Participation in classroom discussions.
