Course Guide

Course: AC 227 - Financial Accounting I

1. Department

Business

2. Purpose

Financial Accounting provides students with the knowledge to build a basic financial statement. It also will give the student the ability to analyze financial statements. These skills are useful in related business courses and for operating a small business. This course will add to their quantitative understanding of introduction to business, small business management, marketing, management, and economics. This course is required for all business administration majors.

3. Description

This course provides students with basic quantitative skills to build a basic financial statement. Journal entries will be taught but not stressed to give the student an orientation to the business language. Calculation principles used in preparing a business plan for a new business are introduced to the student. English Placement Level: EN 093/094. Math Placement Level: MA 91.

A. Required Textbook and Related Materials

Wild, J.; Shaw, K.; Chiappetta, B. *Fundamental Accounting Principles*; 20th. Edition.

Basic calculator

Readability level: College Level
