  Galvin asked Keane if he can list the last training date of each program.

  Galvin suggested having a different color that represents a different month.

• **Form 2 Committee—Update**

  Randall stated no programs are in an organizational chart and only departments.

  Randall stated that departments receive a budget rather than program.

  Randall recommended that we should have a Form II for a department rather than program.

  Lisa stated that each program is unique in their own way and that’s why Form II is submitted through programs rather than departments.

  Galvin suggested that everyone look at the big picture to distinguish the difference between department and program.

  Galvin stated that he does not want to vote on this item now because there was a reason why programs submit a Form II rather than a department.

  Randall stated there was a section on planning and they were wondering if that should be there.

  Randall asked how can a program measure up to the current plan.

  Galvin asked how does a program link to the mission and how does a program link to the Strategic Plan?

  Galvin stated that programs linked their outcomes to the strategic plan.
• Galvin suggested having programs create their plan and performance measures for that plan.
• Adding programs/bodies/offices back on to the Form 1 compliance matrix
